

A Total War Inspired Prototype

Hook: The Old World and the many realms beyond are lands forged and shaped by war. Armies of thousands march into battle for many purposes: to defend their homes, seek vengeance on a hated foe, and to conquer new lands. Be reborn as a legendary Lord, take control of your Faction and fight for all they desire as you expand your reign and eradicate your foes.

Description: Unlock your strategy skills to take control and lead an army into the very lands of the opposition. Whether its reclaiming land, redeeming your honour, or simply for war, charge head first into each battle in this breath-taking expansive fantasy world.

Utilise an array of Warriors, Archers, and Wizards to strategically plan out each encounter and command your forces in a small real-time strategy combat. Discover more about each Faction as you aim to achieve the very essence of their creation of conquest, dominating the continent they reside within and decimating their opponents.
